2. Summary

Third year Computer Science student at Turkish-German University with a strong interest in quantum computing, machine learning, data analysis and web development. Seeking an internship to apply and deepen my knowledge in ML and/or QC research.

3. Education

Turkish-German University - Bachelor of Science in Computer Science
Expected Graduation: 2027
Current GPA: 3.02
Relevant Coursework: Object-Oriented Programming, Statistics, Operating Systems, Database Systems, Linear Algebra, Discrete Structures, Embedded Systems

Tofaş Science High School
Graduation: 2022
GPA: 3.9
Relevant Projects: Designed a line-following robot-car with Arduino Uno.

4. Skills

Programming Languages: Python, Java, JavaScript, C, SQL

Web Development: HTML, CSS, Django

Tools & Frameworks: Git, TensorFlow, Scikit-learn, Pandas, NumPy, Matplotlib, Keras, PyTorch, PySpark, Jupyter, Colab

Concepts: Machine Learning, AI fundamentals, Quantum Computing (studying), Database Systems, Data Analysis

Soft Skills*:* Problem-solving, self-motivation, adaptability, fast-learning

5. Experience

STEM Mentor & Robotics Assistant - Türkiye Teknoloji Vakfı - Internship

December 2022 – June 2023

Selected for a mentorship-based program at "T3 Vakfı".
- Taught robotics, Arduino, and basic programming to middle school students.

- Assisted instructors in planning and delivering STEM workshops 2–3 times per week.
- Developed communication, leadership, and teaching skills through direct mentoring.
- Supported hands-on projects in electronics and coding, helped 8+ students build their first robots

Board Member - TAU Inf[X] – InformatiX Club

September 2024 - Current

Actively involved in the leadership and operational management of InformatiX, the technology and informatics club of Turkish-German University

Trainee – Yetgen

September 2025- Current

Selected for the 12-week YetGen program, focused on developing 21st-century skills through training and projects. Topics include Effective Presentation, Teamwork, Career Planning, Excel Modeling, Information/Media/Finance/Health Literacy, Social Innovation, and GirişGen entrepreneurship.

6. Certifications / Courses

Harvard's CS50 Series: AI, Python, Web, Introduction to Computer Science

Global AI Hub*:* Python, Machine Learning, Hyperautomation, Deep learning, Artificial Intelligence

YetGen*:* AIforSkills certificate

TestDaf: B2 certificate

GEN Academy: Software Technologies and Artificial Intelligence certificate

Kaggle*:* Python, Pandas, Machine Learning, AI Ethics, Game AI and Reinforcement Learning, Data Visualization, Data Clearing, Introduction to Deep Learning, Feature Engineering,

Akbank*:* Sustainability and Ethics certifications

Miuul: Python Programming for Data Science, Machine Learning Summer Camp, Environment, Green Transformation and Sustainability Expertise, Natural Language Processing

Coderspace: Technology Summit, Learn the Machine

Sabancı Youth Mobilization: Self-Knowledge and Self-Awareness

8. Competitions

- **Kaggle Playground:** Binary Classification with a Bank Dataset (657 / 3365)

- **BTK Academia:** Datathon 2025 (174 / 571)
- **Kaggle Playground:** Predicting the Beats-per-Minute of Songs (active)
- **Kaggle Challenge:** Real Estate Demand Prediction (active)

7. Projects

Personal Website
May 2025 – August 2025

- Designed and built a personal web-CV for showcasing education, skills, and projects.
- Ensured responsiveness, accessibility, and fast performance.
- Integrated download links and external profile connections
- Planning to add backend control with Django to be able to write blogs.

Text-based Game with ML
April 2025 – Current

- Building a machine-learning-enhanced text game with adaptive narrative paths.
- Using data preprocessing and evaluation to optimize in-game AI logic.
- Focusing on replayability and player personalization.

8. Language

Turkish (Native)

English (fluent)

German (Intermediate)

Italian (beginner)

9. Interests

Interested in volleyball and fitness since high school. I play piano as a beginner and currently involved in a few long-distance running contests. Also interested in philosophical and ethical concepts related to technology and society.
